

Players and Parents,

Heard this last week, now it is a reality. If you have purchased one of these bats I would return it to the business that you purchased it from ASAP. If they do not let you return it please let us know how we can help.

Please read the two memos from the NFHS is regard to two different baseball bat issues--- one memo certifies a bat and one memo decertifies a bat. These memos are located on the OSSAA Baseball page under Baseball Notes From OSSAA.
